DETAILED ACTION

Preliminary Remarks

1. PLEASE TAKE NOTICE that the examiner handling this application has changed. The new examiner is *Jerry O'Connor*. The Group Art Unit number is unchanged and is still 3627.
2. This Office action responds to the amendment and arguments filed by applicant on August 24, 2005 in reply to the previous Office action, mailed February 24, 2005.
3. The amendment of claims 1, 10, 18, 28, 30, 31, and 36; cancellation of claims 6-9, 25-27, 29, 34, and 35; and addition of claims 39-43, in the reply filed by applicant on August 24, 2005, are all hereby acknowledged.

Election/Restriction

4. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-5, 31-33, 36-39, and 43, drawn to a system comprising an automated financial, business, or management arrangement for electronic purchasing or shopping (e.g., remote ordering), classified in class 705, subclass 26.
 - II. Claims 10-24, 28, 30, and 40-42, drawn to a method of business or management comprising generic or non-electrical computing, classified in class 705, subclass 500.

5. The inventions are distinct, each from the other because of the following reasons:

Invention II is related to Invention I as process and apparatus for its practice. The inventions are distinct if it can be shown that *either*: (1) the process as claimed can be practiced by another, materially different apparatus, or by hand, *or* (2) the apparatus as claimed can be used to practice another, materially different process. (MPEP § 806.05(e)). In this case, the process as claimed can be practiced by another, materially different apparatus, or by hand, such as by performing some of the recited method steps by hand/manually, as opposed to automatically.

6. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

7. A telephone call was placed to Ms. Marcella D. Watkins (Reg. No. 36,962), attorney for applicant, on November 14, 2005, to discuss an oral election to the above restriction requirement, but the call did not result in an election being made.

8. Applicant is advised that the reply to this requirement, to be complete, *must* include an election of the invention to be examined, even if the requirement be traversed (37 CFR 1.143).

Conclusion

9. Any inquiry concerning this communication, or earlier communications, should be directed to the examiner, **Jerry O'Connor**, whose telephone number is **(571) 272-6787**, and whose facsimile number is **(571) 273-6787**.
